

For instructors and IT admins

This describes the standard installation and distribution method. For further information on how to customize and distribute the software, visit www.grantadesign.com/education/support/network.htm

Step 1. Download the installer

1. Sign in to your [My Granta account](#).
2. Click **Download software**, and click the download link to save the installer.

i *Students are not allowed to download the software directly.*

Step 2. Make it available

1. Run the installer by double-clicking *edupack_setup.XXXX.exe*. Enter your My Granta account information when prompted.
2. Click **Create installation package**.
3. Select the edition you want to distribute.
4. Click **Continue**. This will create an installer in a folder that you can then distribute to other licensed users. They can run this custom installer without signing in to My Granta.

For students

Step 3. Install the software

1. Copy the installation package onto your computer.
 - i** *If the files are in a ZIP folder, unzip them before proceeding.*
2. Make sure *license.lic* is in the same folder as the installer, *edupack_setup.XXXX.exe*.
 - i** *If you do not have license.lic in the folder, contact your instructor or IT admin.*
3. Run the installer and follow the on-screen instructions.
